Summary / LMS Details / B. Pharmacy 2018-19

**Learning Management**

GLOBAL COURSES INSTITUTE COURSES MY COURSES

[What is Learning Management System\(LMS\) ?](#)

LMS stands short for Learning Management System. Learning, because you use it to deliver education courses or training programs. Management, because it helps you organize these courses (create them, check them, assign them to students, grade them, etc). System, last but not least, is just a fancy word that translates to "software". An LMS is a computer program. Just like Word helps you write documents and Gmail helps you manage your emails, an LMS is a software program that helps you create, manage and deliver eLearning courses. Think of a Learning Management System as a vast repository where you can store and track information. Anyone with a login and password can access these online training resources whenever and wherever.

[Who uses an LMS?](#)

Anybody who's doing eLearning is using an LMS — and that includes a whole lot more than just educational institutions. To give a non-exhaustive list:

- Businesses of all sizes, from large multinational enterprises to small and medium businesses.
- Organizations, from the United Nations to your local co-op, including Non-Government Organizations and non-profits.
- Government agencies and local governments.
- Traditional educational institutions (schools, universities, colleges).

### History of Benzene

Firstly Kekule was introduced aromatic compound in 1865 to characterized Benzene and its derivative which is derived from it's fragrant odor or aroma. Aromatic is related to chemical stability. Those compounds are chemical stable as per Huckel's rule called aromatic compound. It is also called as Arenes. These are classified into mostly three classes i.e. Monocyclic, Dicyclic, tricyclic etc.

The screenshot displays the vmedulife LMS interface. At the top, there are browser tabs for an inbox, Google Forms, and the vmedulife Faculty Dashboard. The address bar shows the URL: [vmedulife.com/faculty/Courses/CourseSummary.php?cid=EJBRUTJv](http://vmedulife.com/faculty/Courses/CourseSummary.php?cid=EJBRUTJv). The page header includes the vmedulife logo, an "Excellence Award" badge, a score of 595, and the user profile for Prof Dipak Gumate (FACULTY) with a "SIGN OUT" button. The navigation menu shows "Summary / LMS Details / Institute Courses / Course Summary /" and the current course is "B. Pharmacy 2019-20".

The main content area is titled "Instructor" and "Pharmaceutical Organic Chemistry". It features a profile for Prof Dr Somnath Bhinge, a green icon of a computer monitor, and three content boxes:

- Course Description:** Benzene
- What user will learn?:** Benzene have the big history started from 18th era and continued for 19th era. So the history is very much interesting part for the learner.
- Course Content:** <https://youtu.be/nc4TfQsyXOs>

At the bottom of the page, there are links for "Report an issue" and "Get the Android App", and a note "powered by vmedulife". The Windows taskbar at the bottom shows the time as 6:49 PM on 08/07/2019.
